Ultrasonic testing intervals for coaster axles

IA-2025-012 - technical | Issued 2025-08-18

Bulletin no.	IA-2025-012
Category	technical
Manufacturer	Coaster manufacturers
Ride / device	Roller coasters
Jurisdiction	All States & UTs

Follow the manufacturer's NDT schedule for axles and wheel carriers. Where none exists, IAARSO recommends ultrasonic testing at least annually by a qualified technician.
