Portable ride anchoring on unpaved mela grounds

IA-2026-001 - safety alert | Issued 2026-01-20

Bulletin no.	IA-2026-001
Category	safety alert
Manufacturer	All manufacturers
Ride / device	Portable rides
Jurisdiction	All States & UTs

Several incidents at fairs involved rides shifting on soft or unpaved ground. Use load-spreading pads, check level with an inclinometer every morning and after rain, and never operate if outriggers are not fully deployed.
