Pre-monsoon structural inspection of outdoor rides

IA-2026-009 - service | Issued 2026-05-28

Bulletin no.	IA-2026-009
Category	service
Manufacturer	All manufacturers
Ride / device	All outdoor rides
Jurisdiction	All States & UTs

Before the monsoon, carry out a structural inspection of every outdoor ride: foundations and anchor bolts, drainage around footings, corrosion at welds, and electrical enclosures.

Re-torque anchor bolts to the manufacturer's value and document readings.
